IMORTANT

If you haven't already let us know that you're a carer, please mention it to a member of staff at the practice so that we can make a note of it on your medical records. With your permission, we can also refer you to your local carers service for information, advice and support.

If you or the person you care for is **urgently** in need of support, please ask us to refer you to social services or call them directly without delay.
